Invest in Growth This Summer

Set Up a Successful School Year With These Creative 2026 NSI Funding Solutions

Are budget constraints standing in the way of sending your staff to the 2026 NIET Summer Institute? Don't let funding limit your team's potential. Discover smart, effective ways to secure the professional development your educators deserve.

Funding Doesn't Have to Be a Roadblock

Explore creative solutions that school districts across the country are using to cover travel, registration, and lodging for summer conference:

- **Federal & State Grants**
Tap into Title I, II, or IV funds for staff training and development. We'll help you align your conference goals with funding requirements.
- **Local Partnerships**
Engage with local businesses or education foundations for sponsorship opportunities. It's a win-win for community involvement and staff growth.
- **Professional Development Stipends and Unspent Funds**
Use or reallocate existing PD funds to maximize impact - without stretching your budget.
- **Send Lead Learners**
Send one or two staff members and have them bring back the knowledge with turnkey training plans for the entire district.

Don't miss out on this summer learning experience with NIET!
