

# Advancing Student Achievement in Tennessee

Tennessee recognized its 2023-24 Reward Schools and Exemplary Districts, celebrating schools and districts that go above and beyond for student success. These honored districts are partnered with the National Institute for Excellence

in Teaching (NIET), underscoring how NIET's tailored coaching, training, and resources are transforming classrooms across the state of Tennessee. These partnerships are key to achieving the growth and achievement celebrated in this year's designations.

Recognition is based on key indicators:

- Student proficiency and growth
- Attendance and engagement
- Graduations rates and readiness for the future

Exemplary Districts:

Clinton City Schools

Collierville Schools

Dayton City School

Lebanon Special School District

Milan Special School District

**"The systems and structures created through our partnership with NIET have driven positive results and student outcomes across our district."**

— Kelly Clinton, Superintendent, Clinton City Schools, Tennessee
