# UNLOCKING EDUCATOR SUPPORT

The National Institute for Excellence in Teaching (NIET) offers educators access to an exclusive training portal with unprecedented support. EE PASS – the Educator Effectiveness Preparation & Support System – was developed by education professionals at NIET who leveraged their on-the-ground experience in advancing educator effectiveness with thousands of education partners across the nation.

EE PASS provides access to valuable professional development, training and certification resources through a single port of entry. These features include:

## VIDEO LIBRARY

More than 100 hours of professionally filmed classroom lessons, including searchable video clips. Videos illustrate classroom practice across a range of skill levels and indicators in a split screen format showing simultaneous teacher and student observation. Additional footage includes leadership team meetings and coaching sessions.

## DATA MANAGEMENT

Real-time access to evaluation data enables educators to connect observation feedback with professional learning, and supports consistency and reliability among observers.

## EVALUATOR CERTIFICATION

Online video-based certification to support evaluator training and maintenance of skills.

## NIET'S COMPANION VIDEO OBSERVER APP

Education leaders can record and upload observation footage to the portal for collaboration and feedback.

## TRAINING MODULES

Interactive training experiences featuring specific indicators in the Teaching Standards Rubric as well as a variety of other topics that enrich educator evaluation and support.

## NIET TRAINING ARCHIVES

Materials from NIET trainings, conferences and workshops across a range of topics that are tagged and searchable.

EE PASS is available to educators implementing TAP™: The System for Teacher and Student Advancement or using NIET's Educator Effectiveness Series.
