

# EE PASS: Professional Learning Reimagined

On-demand support for every educator

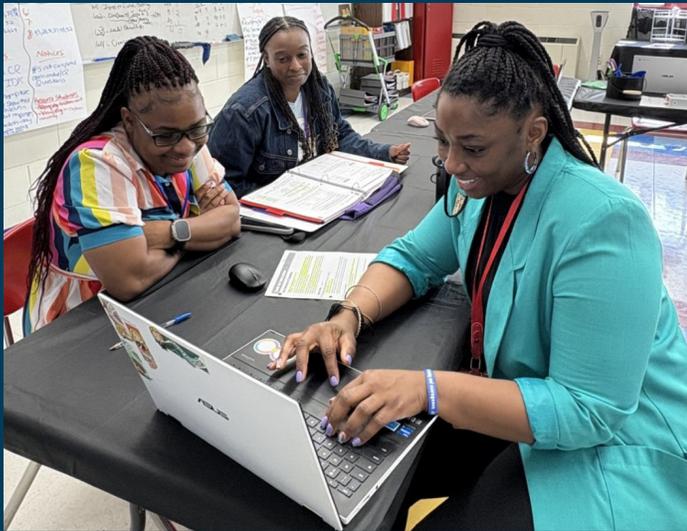

Teachers need reliable, high-quality support that they can access the moment they need it. NIET's Educator Effectiveness Preparation and Support System (EE PASS) is a professional learning platform that provides 24/7 access to resources including videos, learning modules, and documents to support collaboration. District and school leadership teams also leverage EE PASS to enter and analyze observation data in an easy-to-use system that ensures consistent, actionable feedback.

**"EE PASS transformed our post-conferences, connecting feedback to a coaching cycle grounded in evidence. It built confidence, clarity, and collective ownership of instructional improvement."**

— William Mock, Executive Master Teacher, Somerset High School, Texas

**“When I’m planning with my principal or talking through instructional trends, the examples and clarity I’ve gained from EE PASS help us get aligned more quickly. It gives us a shared sense of what effective instruction entails, which makes it easier to support teachers consistently and strengthen our overall coaching approach.”**

— **Dominique O’Conner**, *Dean of Instruction, South Baton Rouge Charter Academy, Louisiana*

As part of NIET’s comprehensive system of support for districts and schools, EE PASS extends professional learning, deepens instructional knowledge, and builds more consistent coaching across classrooms and schools. With EE PASS, you can ...

**See Effective Instruction:** Full lessons and targeted video clips that make expectations clear and give teachers a concrete model to replicate.

**Strengthen Teacher Feedback:** Enter and analyze observation data in a system that informs next steps for teachers.

**Deepen Instructional Impact:** Self-paced, research-backed learning modules that build a shared understanding of effective instruction.

**Build Consistency in Evaluations:** Providing learning resources and credentialing for evaluators.

### **EQUIP**

Equip educators with individualized resources for growth and effectiveness. Leverage the tools you need to drive transformative change.

### **EVOLVE**

Evolve with personalized learning modules and targeted strategies to innovate and inspire excellence in every classroom.

### **EMPOWER**

Empower your practice with access to hundreds of hours of videos that support every step of your professional journey.

**Experience the next evolution in professional learning with EE PASS.**
