

Who We Are

Improving Teacher Effectiveness and Student Success for More Than 25 Years

Mission and Vision

Knowing that teacher quality is the single biggest in-school factor for student success, the National Institute for Excellence in Teaching (NIET) **builds educator excellence to give all students the opportunity for success.**

Our vision is that every student in America is taught by an excellent teacher and supported by effective leaders every year — and that has been the foundation of our work for over two decades. We believe that intentional, sustained, and high-quality investments in educators directly result in success

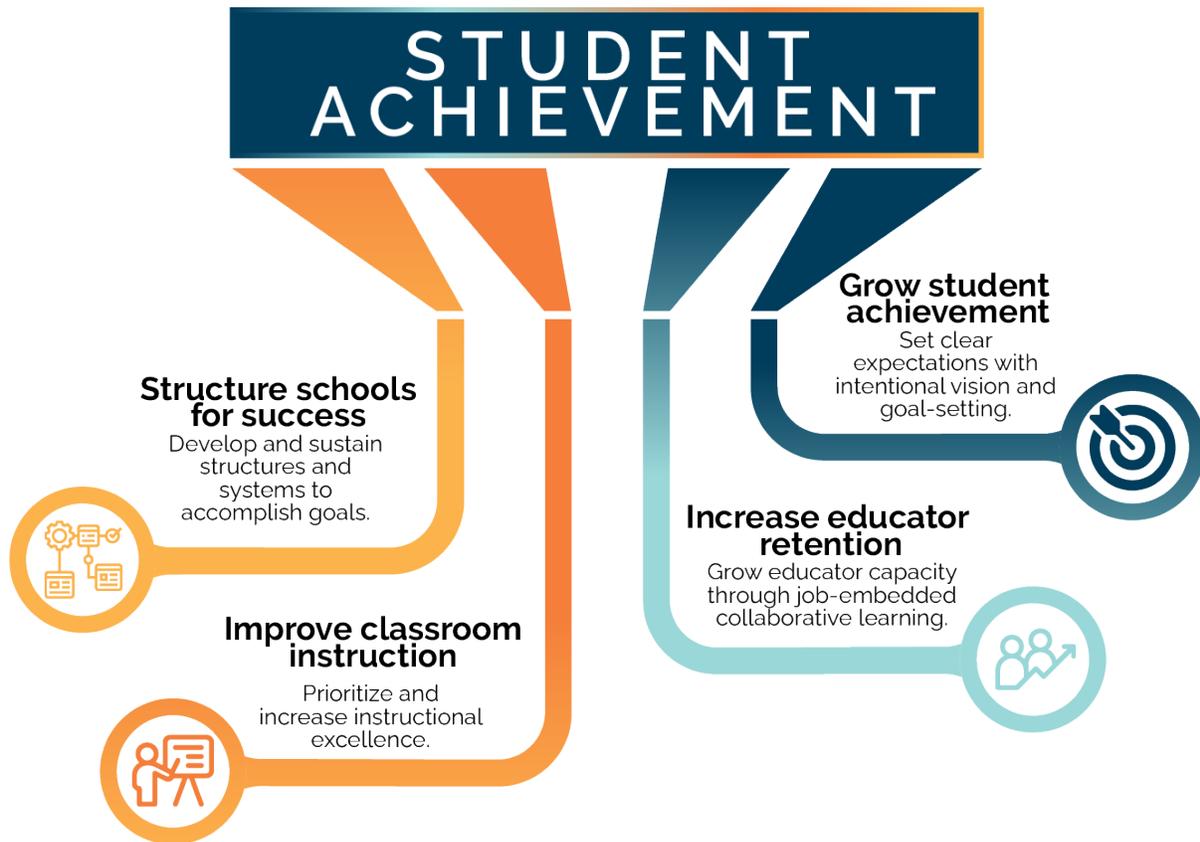

for all students and are essential to eliminating equity gaps. As a result, NIET is committed to raising achievement levels for all students by focusing on the most powerful lever for change: **teachers and the leadership that supports them.**

“The NIET partnership came around at the best moment because we were looking to support and grow our teachers.”

— **Stephen Prince**, Master Teacher, Cross County School District, Arkansas

How We Have Impact

NIET supports our partners in building the capacity of teachers and school leaders through training, coaching and on-site support. By developing and sustaining structures and systems for continuous improvement in teaching and learning, we help teachers to have a direct and immediate impact on student learning and engagement.

This is a Proven Approach

NIET partner schools outperform comparison schools
